- b. **Purpose:** The MVFL Cheerleading Program is an integral part of our total youth football program and contributes highly to an individual's overall education and growth as a young person. The MVFL cheerleading program is in place to promote spirit, develop teamwork, sportsmanship and provide a safe environment in which cheerleading participants can learn and have fun. It is the intention of this organization to allow any child who wants to cheer the opportunity to participate. Depending on the number of cheerleaders, availability of uniforms, the number of coaches available, etc, it may be necessary to limit squad sizes.
- c. **Safety:** No issue is of greater importance than the safety of our young cheerleaders and mascots. None is more worthy of the attention of coaches, officials, players and administrators. The young cheerleaders and mascots who enjoy the sport of cheerleading deserve our wholehearted commitment to their safety.
- d. **Liability and Responsibility:**
- i. Guidelines are set due to age, mainly because of liability reasons and the risks involved in cheerleading. Younger cheerleaders are less likely to recognize and respect those risks, and are more likely to attempt something inherently dangerous or dangerous due to current skill levels. Restrictions exist for the protection of those under the age of legal liability, coaches, parents and responsible organizations such as the MVFL
 - ~~ii. It should be noted that the guidelines set up by NFHS (National Federation of High School Associations) in the spirit section have been put in place to cover high school age cheerleaders, and are not meant to cover the liability and responsibility of protecting the safety of the cheerleading participants at our level. The cheerleading participants at our level are not of high school age or at the skill level of high school cheerleaders.~~
